

Serial No. 09/141,443..... Page 3

REMARKS

Claims 3, 4, 6-23, and 25-31 are in the application. Applicants propose amending step (a) of Claim 1 in order to (1) delete "ceramic devices" and (2) recite with more particularity the organic polymers, which are listed in Claim 5. Claim 5 would then be canceled.

The proposed amendments to Claim 31 are considered to be responsive to the Examiner's remarks on the last paragraph on page 4 of the Office Action, in that the recitation of devices and organic polymers has been further limited by the amendments.

The Examiner is respectfully requested to review this Proposed Amendment for discussion.

Respectfully submitted,

AHMAD (NMI) WALEH ET AL
